ABOUT ME

Technology Expert | AI Expert | Project Manager | Researcher | Youth Advocate with progressive and hands-on experience in web development, AI-driven solutions, digital systems management and creative communication across diverse sectors. Possesses a strong background in designing, developing and managing digital platforms that address real-world challenges in education, youth employment, climate action and community development. Demonstrated ability to lead complex, multi-stakeholder projects involving NGOs, startups, academic institutions, private sector partners, and youth-led organizations.

Highly experienced in project planning, implementation, monitoring and reporting, with a solid understanding of research methodologies, data analysis and evidence-based decision-making. Adept at translating technical and research insights into scalable, user-centered digital solutions that enhance efficiency, accessibility, and impact. Proven capacity to manage cross-functional teams, coordinate digital and innovation initiatives, and deliver results within dynamic and resource-constrained environments.

Recognized for strong analytical thinking, strategic problem-solving and effective communication skills, with the ability to engage diverse audiences ranging from technical teams to non-technical stakeholders and community beneficiaries. Deeply committed to youth empowerment, inclusive innovation, and sustainable development, leveraging technology and artificial intelligence as tools to drive social impact, policy relevance, and long-term institutional growth.

WORK EXPERIENCE

AI Project Creator | PPRA | Dodoma (2025)

- Conceptualized and developed an AI-based project aligned with public sector innovation and digital transformation goals.

Project Manager | Career Na Mimi | 2023 - 2024

E3 Empower & JA Africa

Project Leadership & Coordination

- Led end-to-end management of youth-focused digital innovation and entrepreneurship projects, from concept development to execution and reporting.
- Developed project work plans, implementation schedules, and performance tracking tools to ensure timely delivery of outputs.
- Coordinated multidisciplinary teams including software developers, designers, content creators, mentors, and volunteers.
- Stakeholder & Partner Engagement
- Acted as the main point of contact between Career Na Mimi, donors, implementing partners, and community stakeholders.
- Supported partnership development with NGOs, private sector actors, and innovation ecosystems.
- Prepared progress reports, presentations, and documentation for partners and program reviews.

Digital & Innovation Components

- Oversaw development and enhancement of digital platforms supporting career guidance, digital skills training, and youth entrepreneurship.
- Contributed to the design and piloting of AI-based career guidance solutions tailored to youth needs.
- Ensured digital tools aligned with project goals, accessibility standards, and user experience best practices.

Volunteer IT Expert - Startup Center | Institute of Accountancy Arusha (IAA) | 2024

- Volunteered technical expertise to support the IAA Startup Center in managing digital systems and innovation activities.
- Provided IT support, troubleshooting, and system maintenance for students and startup teams.
- Assisted in website management, digital tools setup, and online platforms used for training and incubation programs.
- Supported digital literacy, technology awareness, and innovation-related activities among young entrepreneurs.
- Contributed to documentation and digital reporting of startup center activities.

Digital Creator & Website Manager | Racas Foundation | Dar es salaam | 2023

RACAS Foundation

- Designed and managed the foundation's website and digital platforms to support advocacy and program communication.
- Produced high-quality multimedia content for campaigns, reports, and online engagement.
- Improved digital visibility and audience reach through consistent branding and content strategy.
- Supported documentation of programs and community activities through digital media.

Arusha Hub Lead & Part-Time Designer | Climate Hub | Arusha | 2023

Climate Hub

Leadership & Coordination

- Led Arusha Hub activities, coordinating youth participation in climate action and innovation initiatives.
- Organized digital engagement activities, awareness campaigns, and community events.

Design & Communication

- Designed promotional and educational materials for climate-related programs.
- Supported communication strategies aimed at increasing youth awareness of climate change and sustainable solutions.

Chapter Lead | YUNA | Arusha | 2024

United Nations – YUNA

- Provided leadership to youth chapter activities aligned with UN Sustainable Development Goals (SDGs).
- Coordinated digital campaigns, online engagement, and community outreach initiatives.
- Represented the chapter in meetings, forums, and collaborative partnerships with youth networks and institutions.
